

CITY OF MIAMI "PAD PROGRAM"
GRANT APPLICATION FOR AED PLACEMENT

The City of Miami is dedicated to increasing the Survivability of "Sudden Cardiac Arrest" (SCA) victims. Over 300,000 people from all age groups die each year due to SCA. Miami's goal is to lower this number and saves lives within our City by assisting with the deployment of Automated External Defibrillators (AEDs) under our Public Access Defibrillation (PAD) Program. This application is intended for those organizations that want to become a part of the "Team for Life" by acquiring an AED, but cannot afford the initial \$2,000 cost of the AED.

Date: _____ Requesting Organization _____

Business Address _____

Contact Person _____ Phone Number _____ Email _____

Briefly describe the type of service your organization provides to the Community:
